

BTCBAM

Blockchain And More

BTCBAM

serves as an ecosystem that provides a reliable and profitable investment environment for all investors, especially small investors.

It offers the opportunity to invest in many commodities all over the world within the limits determined.

By diversifying the investment instruments in Web3, it also offers access to conventional investment instruments.

It provides opportunities to work with the community

x x x x

PRBLM

Problem?

The scarcity of platforms used by those who invest in cryptocurrencies and conventional investors, the difficulty of accessing new generation investment tools, the high budgets for membership in investment communities.

BTCBAM provides the opportunity to divide investments into baskets with simultaneous access to many investment instruments from around the world.

x x x x

OPPORTUNITIES

Investing is now easier with various investment tools that combine all investment instruments.

It offers users in the BTCBAM ecosystem a wide variety of opportunities such as being a community, voting, social responsibility, decision making as a community, NFT access.

Technology

Binance Smart Chain (BSC)

Our token will be created entirely on the Binance Smart Chain (BSC).
Binance Smart Chain is a high-end blockchain infrastructure created by Binance, one of the world leaders providing blockchain solutions.

We see Binance Smart Chain as the brightest blockchain of the future. We believe that it will make a great contribution to all stakeholders due to its speed, security and low transaction costs.

Consensus: Classical vs Nakamoto vs **Binance Smart Chain**

Scalable	Classical	Nakamoto	Binance
Robust	—	—	—
Highly Decentralized	—	—	—
Low Latency	+	+	+
High Throughput	+	+	+
Lightweight	+	+	+
Green, Sustainable	+	+	+
Resilient 51% Attacks	—	—	—

Market

Typically, DeFi services currently include lending, borrowing, decentralized trading, and yield collection. This list is relatively short compared to the wide range of financial services offered on TradFi. This scenario is expected to change as DeFi developers actively deliver more services to the ecosystem.

The most popular cryptocurrency by 24-hour trade value is worth nearly \$40 billion

The overall cryptocurrency market cap peaked at approximately \$2.9 quadrillion

Bitcoin's market share is over 2x Ethereum's

Five different cryptocurrencies process over 100,000 transactions each day

DEFI MARKET

\$42.4 billion in value is locked in DeFi platforms

The total value locked in decentralized finance has increased by over 4x since July 2020

Global blockchain spending has increased 7x over a four-year period

The blockchain technology market is expected to grow to nearly \$70 billion by 2026

ECOSYSTEM

SOCIAL RESPONSIBILITIES

SOCIAL RESPONSIBILITIES WITH A SMALL SECTION OF INVESTMENTS AND SUPPORT FOR PROJECTS DECIDED BY THE COMMUNITY

INVESTMENT

ACCESS TO VARIOUS INVESTMENT INSTRUMENTS SUCH AS EXCHANGE, PRECIOUS METAL, INDEX, SPECIAL FUNDS, BASKETS, UMBRELLA FUNDS

BAMPAY

PAYMENT SOLUTIONS WITH BAMPAY
